

Cable Drum Transport Trailer Type ZW 3500

Cable drum transport trailer for big and heavy cable drums in **dividable construction** with loose intermediate piece. When unloaded side walls can be bolted together so that a max. width of 1,50 m is obtained.

The U-shaped construction assures a great loading width for cable drums and a sufficient ground clearance for cross-country drives.

Loading and unloading are done hydraulically by manual hand pump in a single operation. At site, the drum can be unreeled immediately

Option: Motorized operation of lifting and lowering as well as drum drive system

Technical Data:

Length	6.500 mm
Width	4.000 mm
Height	3.000 mm
Empty weight	5.000 kg
Loading capacity	30.000 kg
Max. speed	25 km/h
Tyre equipment	4x46/18x20
Clear loading width	2.900 mm
Max. drum diameter	3.800 mm
Brake	dual circuit compressed air
Max. speed	25 km/h

PURCHASE NO. ZW 3500

Other loading capacities or drum dimensions on request.

Technical improvements reserved
